

HACKSTORM 2026

RULE BOOK FOR ALL EVENTS

HackStorm 2026 is a technical innovation and coding fest designed to encourage problem-solving, creativity, and teamwork. This rule book contains all event guidelines, participation instructions, and judging criteria.

General Rules

1. All participants must register before the deadline.
2. Participants must carry a valid college ID card.
3. Teams should report to the venue 15 minutes before the event.
4. Use of unfair means will lead to immediate disqualification.
5. Judges' decisions will be final and cannot be challenged.
6. Participants should maintain discipline throughout the event.
7. Event timings must be strictly followed.

1. Hackathon

1. Team size: 2 to 4 members.
2. Duration: 8 hours.
3. Participants must develop a working prototype.
4. Projects should be original and not copied.
5. Evaluation based on innovation, impact, UI/UX, and presentation.

2. Coding Contest

1. Individual participation only.
2. Duration: 90 minutes.
3. Languages allowed: C, C++, Java, Python.
4. Internet access is prohibited unless mentioned.
5. Scoring based on correctness and execution efficiency.

3. AI & ML Challenge

1. Teams of maximum 3 members.
2. Participants must solve a real-world AI/ML problem.
3. Datasets will be provided during the event.
4. Judging based on model accuracy and innovation.

4. UI/UX Design

1. Teams of maximum 2 members.

2. Design a modern and user-friendly interface.
3. Use of Figma, Adobe XD, or similar tools allowed.
4. Judging based on creativity and usability.

5. Cyber Security Challenge

1. Individual or team participation allowed.
2. Participants must solve ethical hacking tasks.
3. Illegal activities are strictly prohibited.
4. Judging based on successful task completion.

6. Technical Quiz

1. Teams of 2 members.
2. Questions from programming, technology, and aptitude.
3. No electronic gadgets allowed during the quiz.

7. Project Expo

1. Teams can present innovative projects.
2. Presentation time: 10 minutes.
3. Working demo preferred.
4. Judging based on innovation and implementation.

Judging Criteria

- Innovation and Creativity
- Technical Implementation
- Problem-Solving Ability
- Presentation Skills
- Teamwork and Coordination
